GOVERNMENT OF INDIA MINISTRY OF RAILWAYS (RAILWAY BOARD)

No. 2003/M(L)/466/1204

New Delhi, dated 19.12.2011

Chief Mechanical Engineers, All Indian Railways.

Sub:- Progress of works of diesel and DEMU sheds.

Each year about 150 additional diesel locomotives and about 10-12 rakes of DEMUs are being added to the fleet. To ensure that enough homing capacity and maintenance facilities are available for their upkeep, works for augmentation of infrastructure facilities and new sheds are being sanctioned at the Board level. A review of the progress of these works has been undertaken. As can be seen from the annexure, the progress is very poor even in those works which have been sanctioned four years back.

The detailed status of each work as well as reasons for delay may kindly be advised for information of Board. The position may kindly be sent through fax on 011-23386285 or E-mail at directortraction@gmail.com latest by 31.12.2011.
