Dt. 28/09/2022

Sr.DCMs/SC, HYB, BZA, GTL, GNT & NED

Sub: PTT timings of forth-coming working timetable-77 - Change in the timings of some of the trains. - Advising the general public and also informing the already booked passengers through bulk SMS - Reg.

Ref: CPTM's Lr. No. T.454/PTT Timings/WTT-77, dt. 27/09/2022 (copy enclosed)

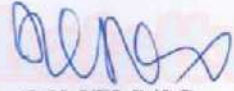

\*\*\*

Vide reference cited above, Operating department has advised revised PTT timings of BZA, GTL, GNT, NED & HYB Divisions for the trains running over SCR, which will be effected from 01/10/2022.

In this connection, the following action plan shall be implemented:

- 1) Advising the general public locally on the changes in PTT timings at certain Stations for some of the trains through various Media - print, electronic and social media etc.
- 2) Specifically communicating to the passengers who have already booked their tickets in the trains for which changes in the timings have been effected through the bulk SMS utility of PRS system. The Division on which the train originates has to send the bulk SMS to all the passengers of the train.
- 3) Special focus should be given on those trains for which there is preponement of the arrival/departure timings at Stations. It is to be ensured that the already booked passengers of such trains are intimated through bulk SMS about the specific preponed timings well in advance so that there is no scope for any of the passengers to miss the train.
- 4) Frequent announcements should be made at Stations about the revised timings of the trains, for which change in timings is effected. Also, notice boards should be displayed at major Stations in a conspicuous location about the change in timings.
- 5) The staff manning the enquiry counters should be made aware of the revised timings and the new timings to be displayed in the TIBs.
- 6) The timetable boards available at Stations, especially at UTS and PRS offices should be updated with the latest timings w.e.f. 01/10/2022 for the information of Public.
