CHAIRMAN, RAILWAY BOARD  
&  
EX-OFFICIO PRINCIPAL SECRETARY,  
GOVERNMENT OF INDIA  
MINISTRY OF RAILWAYS  
RAIL BHAVAN, NEW DELHI-110001

**No.2016/W-I/Genl./Monthly Achievement**

**April 27, 2017**

**Dear General Manager,**

We have set ourselves very challenging targets for commissioning of new lines, gauge conversion and doubling projects in line with the announcement made in the Rail Budget 2017-18. Works Directorate has already worked out detailed month-wise plans after consultation with all Zonal Railways and RVNL. Targets for your railway are annexed.

2. Needless to say, timely commissioning of these projects calls for meticulous planning in respect of preparatory works like approval of plans, arrangement of materials, fixing of executing agencies, creation of posts for maintenance of new assets, fixing of tentative dates for CRS inspection, PNI/NI etc. Timelines for these activities have to be so prepared in advance that the final outcome of commissioning of the projects for traffic is accomplished within the deadline. The tendency to keep most of the works for the last quarter (which also happens to be one of the busiest quarters for loading and movement) must be avoided.

3. All Zonal Railways must set up a system through which progress of finalisation of ESP, SIP, SWR and other inputs required to achieve the targets are reviewed and monitored at the level of AGM and problems, if any, are brought to your notice as soon as your intervention becomes necessary. You may also set up a system of periodical monitoring at your level.

3. I shall like to be apprised of the action taken and progress achieved on the above.

With best wishes,

Yours sincerely,

(A.K. MITAL)

Encl: As above

**General Managers,**  
All Zonal Railways

**Copy to:** CMD/RVNL, CMD/IRCON, CMD/DFC - To set an internal monitoring system to adhere to and accomplish agreed targets. Necessary coordination and liaison with Zonal Railways must be maintained to ensure that there is no delay on this count.
