Sub: Permission for Railway Photography

Dear Sir,

I wish to introduce myself as a "Rail Fan" or a "Rail Enthusiast". Whenever I get free time, I pursue Photography as my hobby.

Indian Railways offers exciting sights to the travellers and rail-enthusiasts / rail-fans like me. Indian Railways have often fascinated me, be it sound of a horn of railway locomotive or the beat of tracks when a train passes at good speed. The same love for Railways has motivated me to learn more about this wonderful system of ours and I believe I have a good amount of knowledge with me, thanks to various railway portals and information freely available on the internet.

In order to supplement this continuous process of learning, I wish to take a few photographs SOLELY and PURELY for my own use and NOT for commercial purpose. I am given to understand that photography is not allowed inside railway premises and it requires a PERMIT.

As a law abiding citizen, I do not wish to flout rules as laid down by the government. Hence I am very much keen in obtaining a permit for RAILWAY PHOTOGRAPHY.

I assure you that –

- a. I will use the photographs SOLELY for my personal use and NOT commercial use.
- b. I will conduct myself in a proper and responsible manner so as to avoid any hindrances to Railways and its working.
- c. I will abide by the rules, regulations and orders as may be given by the appropriate authorities from time to time.

Owing to the aforesaid factors, I request your good self to kindly grant me a PERMIT for RAILWAY PHOTOGRAPHY.

Thanking You,

Yours Sincerely,
