**Subject- Withdrawal of stoppages for Mail/Express & Passenger trains on NWR.**  
**Ref.:- Zero base time tabling activity over NWR**

In order to rationalize the train timings along with creation of corridor blocks for maintenance of assets & compaction of trains, railway board has instructed a time bound ZBT activity to complete a vast exercise. As discussed in various VC's and directives given by Railway Board regarding creation of maintenance corridor, Freight corridor, compaction of trains and a visual improvement in working time table, it has been decided, withdrawal of stoppages for M/Exp. & Passenger trains.

In first phase total 50 stoppages of Mail/Express and 41 stoppages of Passenger trains (in pair) have been identified for withdrawal. List of such stoppages is annexed herewith.

This has approval of competent authority.

DA: As above
