

GOVERNMENT OF INDIA  
MINISTRY OF RAILWAYS  
(RAILWAY BOARD)

No. 2008/RE/161/8/Vol.II FTS-61296

New Delhi, dated 11-01-13

Managing Director,  
RVNL,  
Bhikaji Place,  
New Delhi

**Sub: Decision to be taken for high rise OHE on Rewari-Manheru-  
Hisar-Ludhiana (feeder route to Western DFC).**

Electrification of Rewari-Manheru-Hissar-Jakhal-Dhuri-Ludhiana may be planned with longer masts suitable for high rise OHE (contact wire height of 7.45m) with drilling schedule on masts both for normal height and high rise OHE and suitable foundations for these masts. Presently, OHE may be commissioned at conventional height and after the finalization of DSC movement, OHE can be raised, if required, on the same mast by shifting of cantilever upwards.

This is issued with approval of Board (ML, CRB).

While electrification work of Rewari-Manheru-Hissar is already a sanctioned work, electrification of Hissar-Jakhal-Dhuri-LDH section is yet to be sanctioned. Contact & Catenary wire sizes are to be provided as per existing practice in conventional OHE only. CORE & RDSO shall issue the list of suppliers & design & drawing for high rise OHE.
